Dear Steve,

MY PEACE I GIVE UNTO YOU

All over the world we find unrest -- in governments, in business, in homes, in hearts. The reason for the unrest is the rejection of the Prince of Peace. There can be no lasting peace on earth until the Prince of Peace establishes His reign. That is what He is going to do. Let us look to the One who was born in a lowly manger many years ago for the peace that He alone can give.

"Lord, make me a channel of Thy peace that where there is hatred -- I may bring love; that where there is wrong -- I may bring the spirit of forgiveness; that where there is discord -- I may bring harmony; that where there is despair -- I may bring hope; that where there is sadness -- I may bring joy. " -- St. Francis of Assisi

PRAYER REQUESTS

Every month as I'm going through the many e-mails we get from Dr. Wonder's Workshop viewers I am reminded what a need there is for this television program. It's amazing to me especially as I read what they are learning from specific episodes -- about the bully, about kindness, about building other people up, etc. It shows that, although I'm sure they watch the show for entertainment, the Christian values we want to instill in these young lives are getting through. PTL!

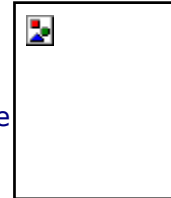

Please pray for each one of these viewers, both children and adults, who are being touched by the show. (I print them just as they come to us, so you will have some sense of receiving them firsthand.) And also remember these other Silent Blessings Deaf Ministries requests.

- **Woman from FL** -- I unexpectedly caught your program while flipping channels. I am Jewish and am studying ASL with a small group in my community. This will give us an opportunity to somewhat further our skills. Are you aware of other TV signing programs for students of ASL?

Thanks you.

OTHER REQUESTS

Pray for complete healing for a friend who is recovering from eye surgery.

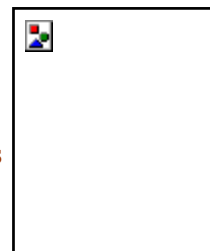

A member of our Board of Directors has recently had throat surgery for the second time in the last 3 months. Join us in praying for God's healing touch on this man of God.

Praise God with us that Marshall's wife, Terry, defended her doctoral dissertation with flying colors and is now "Dr." Terry Lawrence.

The response to our end-of-the-year mailing has been very small to this point. Please pray that people will see the vision to buy DVD sets to giveaway to Deaf families or for us to place so that many more Deaf children and their families will learn about Jesus.

We rejoice that the granddaughter of one of our Board of Directors has been declared leukemia free! This sweet little girl has been through over 2 years of treatment and has experienced God's healing hand.

Judy Allison, our administrative assistant, broke 2 toes last weekend while cooking in her kitchen for a *Dr. Wonder's Workshop* video shoot. Please pray that these will heal quickly. Also remember her as she faces several tests on her

digestive system this next week. We rejoice that she will not have to have gall bladder surgery at this time, however.

One of our Faith Promise churches in Ohio had their pastor pass away recently. Lift them up as they grieve the loss of their shepherd and as they begin the search for his replacement.

Deaf Calvary Church in Frederick MD is our Faith Promise supporting church this month. This vital congregation and their pastor, Rev. Christopher Hughes, want to reach out to the Deaf in their community. Pray that God will enable them to do mighty things in their city.

Contributions to Silent Blessings have fallen off severely. We had to delay payment of staff salaries and postpone payment of many other obligations because the income is not there. Please trust God with us for a miracle.
